

Career Ready

Where the **community** becomes the classroom

Our Career Ready programs offer the advantages of education and experience — and those advantages can mean the difference between just getting a job and launching a successful career.

Through our partnerships with various local businesses you'll apply your classroom knowledge on the job, working with and learning from industry professionals.

If you're currently in high school, a recent graduate or even an adult learner, this program could be an important step towards a rewarding career that will last you a lifetime.

For more information contact your school counsellor or any of our high schools.

SEVEN OAKS
SCHOOL DIVISION
community begins here

you can do it

The Early Childhood Education Program is open to anyone who meets the requirements:

- Interest in working with and providing care to children of all ages
- Completion of grade 11 core courses
- Completion of a Career Ready application form
- Presentation of a certified transcript of marks, cover letter, reference letter, resume and fee if applicable
- Participation in an orientation

Individuals who have completed grade 12, are an adult learner or reside outside the division are encouraged to submit an application. A registration fee may apply depending if you are a graduate or live out of Seven Oaks School Division catchment.

all in a day's work

The 40-week course is a combination of in-class theory and on-the-job training. You will be in the classroom for the first four weeks of study, attaining skills and learning theory needed to get started – and then the real learning begins!

Under the guidance of directors, supervisors, and ECE professionals you will learn to work effectively on a team with children, families and other staff in a variety of child care settings, spending four days per week in the field and one in the classroom.

Participants are placed in various areas offering unique experiences with the opportunity to rotate through different sites.

hit the ground running

If you have a passion for working with children, then we can help you gain the skills and experience needed to begin a rewarding career in the childcare field.

Upon completion of this dual-credit course you will earn eight high school credits as well as six credits in the Red River Community College Early Childhood Education program and receive the following:

- Upon acceptance into the RRC E.C.E. program students can enter the 2nd term of the 4 term course
- Child Care Assistant Certification
- Infant/Child CPR and First Aid training and certification

Whatever path you choose, we help you experience success.

Our Career Ready programs maintain an excellent record of helping students gain full-time employment upon completion of the programs.

Don't miss this exciting opportunity – apply now!

early childhood education

Early Childhood Education introduces you to the career opportunities that await you in the Child Care field.

This Career Ready program prepares you to enter the profession of Early Childhood Education at:

- Childcare centres
- Nursery schools
- Licensed family daycares

If you have an interest in childcare, teaching, child development or other child-related professions, we can help you open those doors.

We provide a combination of technical training and on-the-job work experience so that potential employers need not worry about your knowledge – you will come to them prepared to work.
