Ojibway Language

Boozhoo,

This coloring book is one method of engaging children in learning the Ojibway Language. Other methods available via: “Elders, Ojibway Language Classes, Apps, Books, Online Video and Online Audio Resources.”

We must continue to support the Revitalization efforts of the Ojibway Language to ensure our children have their Original Identity in the future.

“When Children have their Original Language, they also have a strong self worth and that gives them courage to bring forth their gifts they have to contribute to this world.”

“Keep Learning! Keep Practicing! Keep Speaking!”

Miigwech,

Jason Parenteau
