FUNDSCRIP GIFT CARDS

This program offers a wide variety of gift cards for popular Manitoba businesses that allow your friends and family to support GC students and still *receive dollar for dollar value* on the products purchased. The profit received is dependent on the gift card purchased and is marked on the Fundscrip website.

Payment for Fundscrip is made online through EFT or online bill payment through your financial institution – Sorry, no credit card payments.

Your customers (or you on their behalf) will need to order their gift cards online using this invitation code: **JC7PV3**. If you set up a Fundscrip account last year, you can continue to use the same account.

Please remind your supporters to **add your full name and grade** to their order so that those profits can be linked back to you!
