WE'RE BRINGING SKIPPING BACK...

A new club for the Grades 1 to 3 students, Skipping Club is bringing back the lost art of skipping games and chants. The students meet once a cycle to learn different ways to skip, learn some new skills and find new ways to make recess more fun. So far we have practiced single long rope skipping and are now making our own rubber band French skipping ropes. We hope to move on to double dutch skipping in the spring. Our hope is to teach students some new physical skills and empower them to plan their own recess games and activities.
